

RAMMELHOF - WLADIMIR (Put Put Putin)

Wladimir Put-Put-Put-Put-Put-Putin*

Wladimir, I tell you this, he does this really pretty slick
A little dic-a-dac-dictatorship and the world is watching dumbfounded
This only works cause everyone knows, without pressure nothing goes
That's why they all bow down to the Russian, everyone has to shush-shush-shush

Wladimir Put-Put-Put-Put-Put-Putin

The neighbours on the sho-ort lead, except for this U-Ukraine
This is why Wladimir, takes his tanks and goes straight in
And the issue with the Crimea, didn't sit so well with him
So he takes the Crimea, simply home with him

Wladimir Put-Put-Put-Put-Put-Putin

The Germans have the Mutti [Merkel] and the Russians have Putin,
And the Americans have Barack Obama
I start tearing up cause I am so touched
Because most people long for a strong leader

Wladimir Put-Put-Put-Put-Put-Putin

Wladimir, he's quite the deal, cause no one really knows for real
No matter how much they instigate, that Russian doesn't give a damn
And the USA, they have it really hard,
Because with Snowden as his bestie, he's got them at their testies

Wladimir Put-Put-Put-Put-Put-Putin

The Germans have the Mutti and the Russians have Putin,
And the Americans have Barack Obama
Where is in fact the difference between democracy and dictatorship?
On the label they look different, but inside they're all the same
The Germans have the Mutti and the Russians have Putin,
And the Americans have Barack Obama
I start tearing up cause I am so touched
Because most people want a strong leader
